

WHAT WAS YOUR FAVORITE PART OF THE CHURCH HOMECOMING?

I enjoyed everything about Homecoming Weekend especially Friday Night Devotion. I have been attending Fairfield Church of Christ for 7 years by way of Southside Church of Christ in Richmond where I was born, raised & baptized at the age of 12. I have truly enjoyed Fairfield Church & SCA. I have friends and family there but I have NEW friends & family here and I look forward to coming home every Sunday. Home is where the heart is and I feel safe & loved.

In Christian Love, The Thrower Family - Kymberlyn, Octavia, Kha'Ron & Ronnie

As much as I enjoyed the food, the banquet, the entertainment, and the worship, I was most joyous in how members of our congregation came together to make homecoming happen. There were people setting up tables, working in the kitchen, mopping floors, taking pictures, and loving being in the company of one another. There were young and old working together to glorify God and serve each other. I witnessed and was involved with a community of people that got their personal agendas out of the way to accomplish something together. —Dwight Perry

The fellowship and the food.—Dan Redden

So hard to choose because it was a fantastic weekend. Obviously seeing former members like the Partains, the Sparks, and Dan Redden, but I really enjoyed the Sharing Memories open mike thing we did on Friday evening. That was really poignant at times.

I also have to mention how refreshing it was that after more than 13 years we finally used the round tables during the worship service! When I walked in I heard the Hallelujah Chorus in my head.—Tony Wade

Seeing and being with very special friends.—Lanny Partain

Watching the little kids play in the jump house because I remember being in one when I went to SCA as a kid.—Jeremy Grant

WHAT WAS YOUR FAVORITE PART OF THE CHURCH HOMECOMING?

My favorite part was that so many people were involved and helped to make it a success. Roz (Johnson) was amazing the way she did so much gathering all the food, doing the cooking and bringing it in for us to enjoy. She is really something, and yet, she doesn't want any credit for what she does. She gives all the glory to God. He did give her quite a talent there. Also, the kids' day Saturday was great thanks to Renee Reed. The water slide and bouncy house couldn't have been a better choice. I cooked 96 hot dogs and a bunch of Polish dogs and they were completely consumed. Amazing! There just seems to be a new spirit in the church that is fresh and inviting. I witnessed people helping in the kitchen after the potluck that I had never seen in there before. It's all good.—Marti Widner

I got to meet lots of new Christians and had a wonderful time—Chuck Apple

The Saturday night service, especially the singing groups, was very uplifting. Also the kids events, the kids seemed to enjoy the water slides, face painting, colored sand crafts, jumping house and food.

All in all it was a great weekend with good Christian fellowship.

—Shirley Apple

I thought the entire weekend was great, very uplifting, and very encouraging! If I have to choose a favorite time, it would be Saturday evening. The program was excellent as well as the dinner. When I can hear the Praise Team sing, I go home uplifted. The atmosphere was full of the evidence of the Spirit with love and sharing abounding. Thank you to the leaders for having the insight to plan this event and to all the many, many people who planned and executed it.—Pat Bezzerides

My favorite part had to be sharing memories, getting to know past members, seeing the kids have tons of fun on Saturday, the Family Feud/Charades games, and of course the food!—Yolanda Reed

I attended Friday evening, Saturday with the kids, and the potluck/church service on Sunday. I enjoyed all of it, but especially enjoyed the potluck. It just felt good to me, spending time with some of the oldies such as Maryann Clontz, Sherry Bell and her son and so on. I haven't laughed so hard with my brothers and sisters in a long time. The food Friday night was super, and the time with the kids Saturday was rewarding. I was quite impressed with the turnout. Lots of currently enrolled kids from SCA and alumni as well. Very special time for me.— Terri Wallacker
